

Photovoice Consent Form

By signing this release, I give the City of Sarnia's Age-Friendly Committee permission to use my photograph and/or personal image.

Photovoice photos/images will be used for promotional and/or educational purposes to create awareness about Age-Friendly Sarnia assets and needs within our community.

Examples of uses include: newsletters, reports, website content, video clips, presentations, brochures, etc.

Your photo/image/video will **not** be used or re-sold for commercial purposes.

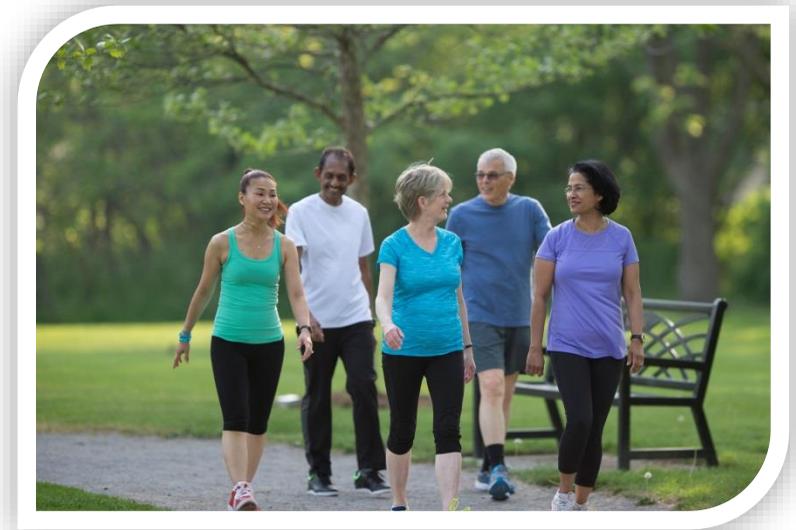

- I allow my first name to be displayed with the image.
- I allow my age to be displayed with the image.

Age-Friendly Sarnia Photovoice Project

"I get a sense of belonging when I am able to get together with friends and walk through the great park spaces in my community."
- Corrine, 62 years

Funded by:

Age Friendly Sarnia **Photovoice** Project

The Age Friendly Sarnia (AFS) initiative aims to support healthy aging across every age and stage of life.

Why are we doing this?

To assist AFS in expanding on the current knowledge and awareness of programs and services available for citizens of all ages and those from diverse backgrounds to participate in the community and feel welcomed and included.

By reflecting on the views of Sarnia-Lambton residents about the needs and/or opportunities to offer welcoming and accessible services, AFS can work with community leaders to support positive change in our community.

How are we doing this?

Photovoice is a communication tool, a modern-day storyteller. Photovoice offers people an opportunity to share **ONE** personal experience, via picture, which could lead to change and improved life in our community.

How will it be used?

Your Photovoice tells a story. It has the potential to influence decision makers. If selected, your story may be shared to promote, educate and inspire the community about AFS programs and services, (for example: in newsletters, reports, website content, video clips, presentations, brochures, etc.)

And here's where you come in...

The camera is a powerful tool that can be used by nearly everyone to capture and share life's experiences.

To make change, improve and influence how welcomed and included people are in Sarnia-Lambton, we need your participation.

The Process

- 1.** Think about this question:
What does or does not make you feel included in Sarnia-Lambton?
- 2.** After thinking about the questions, you can:
 - Capture your vision with a picture
 - Include a brief comment to go with the picture
- 3.** Please ensure you review the brochure and sign the consent form
If you require help, or have a question, a Photovoice team member is available to answer any questions.

Contact - Laura Greaves
Age-Friendly Coordinator, City of Sarnia
